Our photo wedding collections and storybooks were created to tell your love story, while tailored to all budgets. All wedding packages include photography services. Your prints will be edited while onboard and made available for purchase before you disembark at the end of the cruise.

From calling all the single ladies to a special father/daughter dance or your first dance as husband and wife, our Entertainment Team will keep you hopping and rocking.

For your guests, the highlights are witnessing your ceremony, eating and hitting the dance floor. We'll help you plan everything from music genres to DJ Hosts, while ensuring "your song" is included. Live entertainment options are available on a first come/first serve basis for those couples that have purchased a reception package.

WHAT YOU NEED TO KNOW

ceremony

All ceremonies are performed in port before the ship sails. Carnival has chosen several ideal locations onboard at which to have your wedding ceremony and reception. Locations are determined based on the number of guests attending, length of reception and entertainment requests. Ceremony times and locations are confirmed with you within two weeks of sailing. We try our best to stick to a strict schedule, however delays or changes due to unforeseen events can happen. For weddings scheduled during the cruise, it is not recommended that you and your guests plan shore excursions on the same day as your wedding.
